## Learning Beyond

**G**D Goenka Public School, Sarita Vihar is the doorstep to a holistic and all-encompassing education where each student is nurtured to become a confident global citizen of tomorrow.

While Academic excellence is the main pillar of the school's curriculum, Goenkans are embellished with the skills and values of the heart and the head allowing them to use their hands to actualise their potential.

A multi-disciplinary, multilingual and multi-dimensional approach to learning takes learning beyond through experiential methods.

Field trips, excursions, heritage and nature walks makes learning concept based, hands on and lifelong.

Community outreach programme teaches them equity and empathy to build their

value for inculcating sensitivity to the needs of the society

Technology is an important component of a Goenkan classroom. Be it use of any application, artificial intelligence, digital learning, Goenkans are trained to be hands on.

Going beyond their boundaries, Goenkans are given International exposure through various global events. For three consecutive years students have qualified for the Tournament of Champions at Yale University at the World Scholars Cup. Students engage in digital exchange programs with schools across the world giving them a wider world perspective on various issues.

Each Goenkan holds the baton with a promise to rise higher, stronger and brighter as promising citizens of tomorrow.

## International Food Festival
