New Delhi

THEME: Interact club - Unnati

REPORT: Donation of Sanitary Napkins

DATE: Monday, February 09, 2026

REPORT

The Interact Club *Unnati* of GD Goenka Public School, Sarita Vihar, nurtured by Delhi Rajdhani and in association with Rotary Club 3011, successfully organized a Sanitary Napkin Donation Drive as part of its community outreach initiative.

Students and teachers of the school actively participated in the drive by collecting sanitary napkins, which were subsequently donated to the school maids for their personal use as well as for their girl children. In addition, a significant contribution was made to *Missionaries of Charity – Asha Daan*, a mission under the Mother Teresa Foundation located in Karkardooma, East Delhi.

The initiative aimed to spread awareness about menstrual health and hygiene among underprivileged women and girls. Through this meaningful activity, students gained firsthand experience in understanding social responsibilities and the importance of empathy, care, and inclusivity.

The donation drive not only promoted health and hygiene practices among the beneficiaries but also instilled a strong sense of responsibility, compassion, and social consciousness among the students. The initiative proved to be a step towards building a more aware and sensitive generation committed to serving society.
