## **CREATING POSITIVE ENVIRONMENT IN THE CLASSROOM**

**THEME:** Creating Positive Environment in the Classroom

**REPORT:** Teachers' Workshop

**DATE:** Thursday, January 12, 2017

### **EVENT REPORT**

**“He who knows others is wise. He who knows himself is enlightened.”**

**-lao Tzu-**

G. D. Goenka Public School, Sarita Vihar organized a workshop on ‘Creating Positive Environment in Classrooms’ for the teachers on Thursday, January 12, 2017 within the school campus. The programme was conducted by Ms. Jayshree Mehta, an eminent personality in the field of education. Working as a Life Skill trainer and a freelancer, Ms. Jayshree Mehta has been associated with TOI NIE for over a decade. She has conducted a number of classroom workshops in more than 100 schools around the capital. The workshop highlighted the fact that amongst all intelligences, emotional intelligence plays the most vital role in the lives of teachers and students.

Ms. Mehta engaged the teachers in various activities to energize them thereby also educating them how to interact in their classrooms on a daily basis to create a positive atmosphere. She laid stress on the fact that self-awareness and emotional intelligence if practiced by the teacher on self and the students in the class could show a marked difference not only in the behaviour of the students but also in their academic interactions. Understanding the students, giving them specific feedback, having an eye contact, and being non-judgemental were a few points highlighted by Ms. Mehta towards creating a positive environment in the classrooms. It was indeed an enlightening workshop for the teachers.
