**DATE:** 17<sup>th</sup> -22<sup>nd</sup> March, 2022

**CLASS:** Nursery - II

### Event Report

*“The goal of early childhood education should be to activate the child’s own natural desire to learn.”*

*– Maria Montessori*

The academic year 2021-22 concluded on 24th March 2022 for the Junior school students of G.D. Goenka Public School, Sarita Vihar. The session culminated with an engaging virtual event named ‘**Coffee with Curriculum**’ which comprised a presentation of the concepts learned through the year for the parents. The students beautifully amalgamated the learning from each subject during the presentation and interspersed with hands on activities, demonstrations and enactments with an aim to showcase the various learning techniques and diverse information that children imbibed during the session. Students of each class level took the center stage to present their unique ideas and the exceptional learning techniques which they were a part of during the academic year.

It was an event where each child participated and demonstrated the true joy he/she experienced while learning together, despite of it being yet another year of online learning. Each presentation commenced with a prayer to God seeking the blessings of the Almighty and a motivating message by the school Principal, Ms. Seema Sahay elucidating about experiential learning, multidisciplinary and multi-sensory approach which help children to grow. The Goenkans then followed with dance sequences, stories, experiments and innovative techniques which were an integral part of the session. They self-sufficiently explained the dynamic and engaging presentations prepared by them. The presentations brought forth the school’s balanced approach towards nurturing its students and its aim to ensure that academic inputs continue at a steady pace a balance between the scholastic and co-scholastic domains during the virtual sessions. The programme concluded with the school Headmistress, Ms. Vinita Sachdeva addressing the parents and blessing the students who were all set to move to the next level. The parents thoroughly enjoyed the presentation and were impressed with the children’s confidence level while hosting the show and their display of the knowledge imbibed through unique learning methodology.
