

## G D GOENKA PUBLIC SCHOOL, SARITA VIHAR

**REPORT:** Chocolate Day

**DATE:** Wednesday, July 07, 2021

**CLASS:** Nursery to Grade II

### Event Report

**“Life without chocolate, is a day without sunshine!”**

Chocolate is loved by everyone across the world. It not only acts as a good stress buster and a mood lifter but is also good for health. The need to educate little children on the health benefits and joys of indulging in chocolates goes without saying. The chocoholics from Class Nursery to II at G.D. Goenka Public School, Sarita Vihar celebrated Chocolate Day on Wednesday, July 07, 2021 in a scrumptious way virtually.

Chocolates are the powerhouse of antioxidants, which helps in preventing age-related chronic diseases. It is everyone’s favourite as everyone likes to give chocolates to their loved ones and friends. Sharing a piece of a chocolate helps in wiping out all the tensions, sorrows, misunderstandings and often brings people together thereby enhancing the sweetness of any relationship.

The students of Class Nursery learned the journey of a chocolate, through a Virtual Chocolate Factory Field Trip. The teachers explained the various types and forms of chocolates available. The children were excited to create the initials of their names with the help of melted chocolate on butter paper and decorated it with gems, sprinklers and chocolate powder. The giggles, smiles and laughter on their pretty faces were priceless.

The Kindergartners were equally happy to learn about the ingredients used to prepare a variety of chocolates. An activity of float and sink was taken up with different sizes of chocolates and observation was recorded on a sheet followed by an activity of washing of toys in chocolate soap. Their joy knew no bounds to see their favourite toy dipped in the most delicious thing ever. It was almost like a Chocolate Dreamland for them. Class I students were full of enthusiasm to create their Date of Birth with the chocolate syrup and the students of Class II had a wonderful time having a manicure at the Chocolate Spa. They created a chocolate solution with chocolate, coconut oil, water and some liquid soap and even preserved it for future use. The students of the Junior School enjoyed the day thoroughly. The yummiest and tastiest day had to end in a unique way, so all the students from Class Nursery to II had a ‘Chocolate Dance Party’. Everyone danced without hesitation, forgetting all worries.
