

THEME: World Earth Day

REPORT: Earth Day Celebration

DATE: April 21, 2023

CLASS: Nursery to II

EVENT REPORT

“The greatest threat to our planet is the belief that someone else will save it.”

Every year the world celebrates Earth Day with a beautiful message - “Our continuing efforts in our everyday lives will make this beautiful planet thrive.” Echoing the same G.D. Goenka Public School, Sarita Vihar celebrated the Earth Day with an array of creative activities that instilled in them a passion for making this planet a better and a cleaner place to live.

All the students from **Nursery to II** actively participated in the Earth Day activities. The teachers in the classroom started the day with a power point presentation to explain the kids the importance of this day and the students even took a pledge to preserve and conserve their self-sustaining planet.

The day was celebrated through educational and action-oriented activities that were fun for kids to do. The students of Nursery handcrafted Earth shaped badges using the tear and paste method that also helped them to strengthen their fine motor skills. The Kindergarteners put on their creative caps to make their own Earth headgears, while the students. The students of classes I & II made miniature representations of the blue planet ‘Earth’ using a play dough.

All students participated in the specially designed activities with great zeal and enthusiasm showcasing their artistic and creative skills with the underlying message of the importance of afforestation, planting of trees and the need for everyone to put together their efforts and get into action, in protecting our environment.
