

REPORT: Fare Thee Well – The Final goodbye to the batch of 2021-22

DATE: Thursday, March 24, 2022

CLASS: Nursery to Grade II

Event Report

“As we say goodbye, we also say hello to new opportunities!”

The final day of an academic session is always full of excitement with a pinch of sadness to go too. Excitement, as, the students, look forward to the new class and along with that a new beginning awaiting them and sadness because they would be dearly missed by their teachers who have been their anchor through the year.

The Goenkans enjoyed a level wise celebration of the last working day in school of the academic session 2021-22. The celebration was held for both, offline and online students. It was a delight to see the students clad in party attire and eye catching accessories, all set for a fun filled celebration. The students enjoyed a JAM session showing off their dance moves, followed by various fun games and last but not the least, enjoying the party food.

The tiny tots of Nursery played a game with numbers called ‘Funbola’. They also made a party popper with paper cup confetti and balloons, prepared bear shaped sandwiches and relished them too.

The students of KG enjoyed playing games like freeze dance, identifying the sound and logo and tongue twisters.

To make the last day of the session a memorable one, Class I students were a part of a ‘Talent Show’ where they exhibited their latent talent in the spheres of dance, music and drama.

The class II students played various fun games like ‘Who stole the cookie from the cookie jar’, ‘Scavenger Hunt’, tongue twisters and enjoyed the ‘Riddle time’.

The highlight of the day was the warm farewell given to the students of class II by the juniors of Class I to wish them luck as they graduate to the middle school. Each child was presented with a handcrafted farewell card containing the best wishes from their teachers and class 1 students.

The day ended on an emotional note where students thanked their teachers and expressed their gratitude for them while it was very overwhelming for the teachers who blessed the students, wishing them the very best for the next academic session.

Each student of the Junior School was also presented with a customized virtual **Time Capsule 2021** which included glimpses of the student through the session.
