REPORT

G.D Goenka Public School, Sarita Vihar, in association with our long-term community outreach partner – **GOONJ**, feel there is always a possibility to give back to the society and help those in need.

Nickelodeon and **Goonj**, this year, came up with a unique social initiative that reached out to children at an on-ground level in an attempt to create a positive behavioral change. The idea behind the campaign was to give more, grow more.

Together for Good was to inspire students to share **old books, school essentials, toys, clothes**, anything which they think can spread out the message about giving joy. It was aimed to address the educational needs of thousands of remote & resource-starved village/slum schools by channelizing under-utilized material of the city schools; not as things to distribute but as a tool to bring about comprehensive behavior change in both rural and urban kids.

A collection drive was therefore organized at school, where students, teachers and parents whole-heartedly contributed old books, school essentials, toys, clothes also sarees and general clothing (old but in useable condition). National guidelines regarding Covid protocols for everyone's safety were followed, while dropping the material in **closed plastic/cloth bags that were sanitized**. Use of masks and gloves while dropping the material at school, maintaining social distancing were ensured.
