The most colourful and vibrant festival of India – Holi was celebrated with great pomp and fervor at G.D. Goenka Public School, Sarita Vihar on Thursday, March 17, 2022. Aptly named Rangotsav, the students of Nursery-II celebrated Holi, a festival of colours both, physically and virtually.

The Goenkans of the Junior School celebrated Rangotsav through a plethora of colourful and fun filled activities. The students of Nursery were introduced to the significance of the festival and the story behind the celebration. They tried out their culinary skills by doing a fun kitchen activity and relished the non fire Ghujjiya filled with dry fruits, nutella, peanut butter etc which they had painstakingly prepared. To rejoice in the celebration of colours the students of nursery also painted their vibrant handprints on old T-shirts to be worn on the day of the festival. Through an interesting video the Kindergartners were shown a short video on Story of Prahalad and Holika Dahan. A craft of balloon painting on hand cutout was also done, which was enjoyed by one and all. The students of Class I made colourful Holi cards to wish their near and dear ones. They learnt about the different ways in which the festival is celebrated in various parts of the country. The children exchanged sweets with their friends and the celebration brought in a beautiful closure to the week. Class II students were briefed about the significance of this colourful festival and was explained in detail as a day to forget and forgive everyone around, the festival of good over evil. The children loved getting soaked in colours and readied their Holi outfit using an old shirt/t shirt and decorating it all over with vibrant colours. Delicious and sweet Gujjiyas and organic colours were the stars of the day.

There was laughter, happiness and merry making in the air. It was indeed a fun day and a joyful experience for everyone.
