***“Yum frozen ice cream,  
There are different flavors,  
I want it every day,  
Tasty, delicious, sweet,  
It is my favorite thing to eat.”***

With the temperature soaring and the summers in full swing, there is no better way to beat the scorching heat than with scoops of creamy and indulgent ice cream. Acknowledging the fact that experiential education leads to long lasting and concrete learning, G D Goenka Public School, Sarita Vihar celebrated Ice cream Day on Monday, May 15,2023 so that the students of Nursery to grade II could relish as well as gain knowledge about the delectable summer delight.

The students were thrilled to spot the ice cream vendor in their school premises who came with his ice cream cart. They were asked to choose from their all-time favorite flavors of vanilla and strawberry which they enjoyed with their friends. This sensory experience allowed them to express their preferences and engage in discussions with their peers about the different flavors.It also promoted peer interaction and social cooperation among the young Goenkans. The sparkle in their eyes was indicative of their excitement and joy.

A special informative power point presentation was shown to the students so that they could enhance their knowledge about this frozen treat. They learnt about various interesting facts, origin, different flavors, different types and other details pertaining to ice creams. They exhibited great inquisitiveness to learn about the way ice cream is prepared and frozen out of basic ingredients like milk, cream, sugar and different flavors.

The lovely day was full of nothing but happiness, excitement, zeal and everything pertaining to the mesmerizing sweet treat. Such celebrations break the monotony of the daily schedule and help to make school and learning more interesting for the students. The evident smile on each child's face was a proof enough of the success of the Ice-cream Day and hence it is rightly said, **“You can't buy happiness but you can buy ice-cream and that's kind of a same thing...”**.
