**DATE:** Tuesday, June 15, 2021

**Attended By :** Classes Nur to II

### **EVENT REPORT**

**“There is nothing more precious to a parent than a child and nothing more important to our future than the safety of all our children.”**

Every child needs to be taught that their body belongs to them and they need to keep it safe. The understanding of safe and unsafe touches should be nurtured in the children from young age so that they develop the abilities to deal when situations evolve.

To spread awareness about prevention from abuse, a webinar was conducted by G.D. Goenka Public School, Sarita Vihar on '**Learning Personal Safety**'. The school principal, Ms. Seema Sahay, initiated by addressing the sensitive issue of Child Sexual Abuse and highlighted the key points on educating the young children.

Taking the responsibility to sensitize and equip the children with information, The school counselor, Ms. Urvashi Sareen along with pre-primary teachers Ms. Parul and Ms. Neha conducted an informative and fun filled puppet show that bolstered the students to differentiate between Safe and Unsafe Touch. The concept of various body parts and the difference between public and private body parts was reinforced during the webinar.

It was a well appreciated initiative and a step further to spread awareness about 'Safe and Unsafe Touch' fostering the children to gain better understanding with essential guidelines, thus making themselves future ready.
