

## **G.D GOENKA PUBLIC SCHOOL, SARITA VIHAR**

**THEME:** Animal Kingdom

**REPORT:** Virtual Nursery Concept Presentation

**DATE:** Saturday, June 06, 2020

### **Event Report**

**"The greatness of a nation and its moral progress can be judged by the way its animals are treated." —Mahatma Gandhi**

Amidst Lockdown, when the teachers are interacting with the students through online classrooms, educators at G D Goenka are leaving no stone unturned to make digital learning fun and creative. The tiny tots of Nursery, with instructions from their teachers and guided by their parents, showcased their learning about the animals through their First Ever Virtual Concept Presentation on Saturday, 06 June 2020.

The theme of the presentation was 'Animal Kingdom' and was a culmination of a three week integrated learning process on the theme. The young students recited the rhymes on wild animals with great articulation and memory skills with use of creative props. Foot tapping their way into the jungles the Nursery scholars impressed with their knowledge on animals by sharing and exploring their eating habits, amazing facts and habitats. Little ones also showcased pretend-play fun by quacking like a duck or roaring like the king of the Jungle! It was a very reassuring to see the children confidently speak the lines on the virtual platform. The performance concluded with a fun song "Down in the Jungle."

Appreciating the efforts of the teachers and the young Goenkans, Headmistress, Ms. Vinita Sachdeva thanked the parents for their unstinted support during these trying times and lauded the young performers for their confidence.
