

## G.D. GOENKA PUBLIC SCHOOL, SARITA VIHAR

**THEME:** -Goenkan Summer Excellence Programme

**REPORT:** Role Reversal-Dress Up Like Each Other

**DATE:** June 04, 2020

**Classes:** Nursery to II

### EVENT REPORT

The Summer Enrichment Program gives children an opportunity to build their self-confidence and strengths, and explore their talents however this time it was designed with a twist. The pillar of our strength the Parent faculty was also an active participant of all the activities.

According to a popular proverb 'Grass is always greener on the other side' it may seem that the role played by other person is always easier than ours but the Goenkans wanted to try their hands in reversing the roles.

The Role Reversal activity was conducted for the parents and students of Grade Nur-II. On one hand the children dressed and acted like their parents and on the other the parents also enthusiastically participated and were imitating their children for a day.

Role reversal activities bring along the attributes of holistic development such as:

- **Empathy**-Looking at things from someone else's perspective allows the participant to understand others needs, challenges and expectations.
- **Rich insight**-The quality of insights that can be drawn from role-reversal sessions are in-depth and rich.
- **Expressive**- It helps participants to express their thoughts and feeling.
- **Reflection**-Role-reversal allows or expands the participants to reflect and further deepen the take away from a session.

This activity brought a lot of entertainment and was thoroughly enjoyed by students and parents, whereas the little ones took the charge of the house or office and practiced in decision making the parents also loved playing around and getting a relief from their daily chores for a while.
