

G.D GOENKA PUBLIC SCHOOL, SARITA VIHAR

THEME: Toy Party

REPORT: The Toy Party

DATE: Tuesday, April 25, 2023

CLASS: Nursery

“Toys are children's words and play is their language.”

-GARRY L. LANDRETH

Toys allow children to imagine the possibilities, make their own discoveries, play out social situations, and problem-solve with their own minds. Toys can also stimulate their concentration levels and improve their attention span and memory. Keeping this in mind, a Toy party was organized for the tiny tots of Nursery at G D Goenka Public School, Sarita Vihar on Tuesday, April 25, 2023.

The children of Nursery were asked to bring their favorite toy(s) to the class and speak a few sentences on the toys which they brought from home. Each student was given a chance to express his/ her feelings about the favourite toy, its special features and why the toy was his/ her favourite. The little Goenkans shared their experiences and how they spend time with their favorite toys. The activity of ‘Show & Tell’ gave them a chance to develop their oratory skills and foster imagination. It built confidence and developed effective communication skills in students. The children were also a part of fun activities like dancing & playing with their toys, sharing their toys, to play pretend, draw and color and so on.

Not only did the students enjoy playing with and sharing their toys, they also learnt many attributes like being caring and responsible while spending time with their toys. Toy Day was indeed a day to remember and the Toy Party was a unique party, a complete a package of playful learning.
