Earth Day Celebration	18-04-2018 and 20-04-2018	School premises	300
Global Star Party	23-04-2018	School premises	200
Astro-cooking Competition	23-04-2018	School premises	40
Lunar exploration	23-04-2018	School premises	10
SunDay	20-04-2018 and 26-04-2018	School premises	140

I. MOST INNOVATIVE EVENT

EVENT NAME: Astro-cooking Competition

Activity 1: Astro Cooking

Date On Which Event Held: April 23rd, 2018

Participants in Event (Estimated): Classes III-X

Short Description of Event:

An ASTRO-COOKING Competition was organized for students of Classes III to X on 23rd April 2018. The event was innovative because, both the parent and student participated in the competition as a team. In the event all the talented teams prepared delicacies with the twist of astronomy like Aurora cake, Volcano dips. Students made tasty dishes using simple food items and shown some good chef skills with

great efforts in the Astro-Cooking Competition.

Winners were announced on the basis of taste, explanation, innovation etc. The judgement was done by few selected parents, which is one of the innovative steps taken by the school.
