Event Report

“Blue color is everlastingly appointed by the deity to be a source of delight.”

- Leigh Hunt

The shining Goenkans Stars of Nursery celebrated ‘Blue Color Day’ on Wednesday, April 25, 2018 with great enthusiasm. It was a pleasant and a cool blue day for the tiny tots.

Clad in blue dresses, little ones were made to recognize blue colour through different games and play-way activities. An array of blue coloured objects like umbrella, ball, cloud, flowers etc. were at display thus providing the students with an opportunity to have a clear sense of the colour and its importance. Children were provided with various shapes to make a blue fish and decorate with finger printing on a sheet of blue paper. They were also asked to bring any blue colour object for “Show and Tell”. This improved their vocabulary by learning new words through meticulously organized word building activities. The young ones shared their toys and belongings with each other in a highly spirited and friendly atmosphere.

The Day was an amazing learning experience which will leave lasting impact on each student since early identification of colours helps to create the cognitive link between visual clues and words which is an important part of a child’s development.
