THEME: Community Outreach Programme

REPORT: Goonj Forum

DATE: Monday, 15th April 2019 – Monday, 22nd April 2019

Teacher Incharge : Ms. Neetu Raheja

EVENT REPORT

As part of the school's community outreach programme, G.D. Goenka Public School, Sarita Vihar is associated with Goonj, an NGO for the underprivileged.

Goonj's flagship programme – **'School to School'** patented as **"What about your Last Year's School Material?"** was organized at G.D. Goenka Public School, Sarita Vihar from Monday, 15th April 2019 – Monday, 22nd April 2019. Parents, students and teachers were sensitized on how urban waste can become a rural resource and they were also encouraged to contribute school related material like old uniforms, water-bottles, lunchboxes, toys, books, stationery items, old school shoes and bags.

The students were made aware about the **'campaign'** and how small contribution from their end can make a big change to the society. Goonj ensures learning for thousands of children in far flung villages with dignity and happiness.

As, we collect and handover the material to Goonj and from there, as **'comprehensive school pack'**, material reaches to the school students, not as charity but as motivation for engaging in learning activities and projects.

The contribution drives organized at the school are not just an intrinsic part of our social responsibility but also a forum to instill the values of fellow feeling and kindness among the students. It not only brings up empathy and compassion, it also makes kids value

all that they have. These are life skills demonstrated in action. Students and teachers participated in this contribution drive with full enthusiasm and the collection was forwarded to Goonj.

CONTRIBUTION IN FULL SWING
