

## **G.D GOENKA PUBLIC SCHOOL, SARITA VIHAR**

**THEME:** The Magical Nature

**REPORT:** Concept Presentation

**DATE:** Saturday, March 02, 2019

**CLASS:** Nursery

### **Event Report**

**“You cannot make people learn. You can only provide the right conditions for learning to happen.” - Vince Gowmon**

As the Nursery moves towards the conclusion of session 2018-19, they showcased their learning through a Concept Presentation on Saturday, 02 March 2019. The event commenced with a welcome address by the Primary Incharge, Vinita Sachdeva, where she emphasized the need of an integrated approach towards learning to which GD Goenka Sarita Vihar gives prime importance.

The theme of the presentation was ‘The Magical Nature’. The young students enlightened the parents on how and what they learnt about the seven continents followed by how they discovered the beautiful world of colours. Foot tapping their way into the jungles the Nursery scholars impressed the audience with their knowledge on animals and phonic sounds and counting skills. The presentation wrapped up with a strong message by the students on saving the environment by respecting the natural resources and keeping it clean.

The parents were extremely delighted to see their little ones perform so confidently and thanked the teachers for nurturing them with utmost love and care. The parents’ positive feedback motivated the young performers and teachers alike.
