Concept Presentation – The Goenkan Food Gourmet

The parents of Class II students of GD Goenka Public School, Sarita Vihar were invited to attend the Concept Presentation presented by their wards on July 20, 2018.
The idea behind the presentation was to showcase the various learning techniques and the diverse information that children have imbibed in the classrooms since they have graduated to grade II.

The entire presentation was based on the theme of the universal need for all living beings i.e. Food, therefore the presentation was named as **The Goenkan Food Gourmet.** The students displayed their learning in different subjects, all woven around the theme of Food. The event boasted of hundred percent participation from all the four sections of grade II and provided each child with an opportunity to portray the knowledge gained so far in the session.

Concepts of all the four primary subjects, Mathematics, English, Hindi and English were well exhibited while keeping the theme in view. The cultural aspect was added through a song and dance performance which enhanced the entertainment quotient. Special games were designed for the parents too, which they enthusiastically participated in. The parents lauded the students' efforts in conducting the activities independently.

The parents also left their encouraging words and generous feedback for the staff to follow up at the feedback corner. The school Principal, Ms. Seema Sahay was a proud spectator of the presentations. She stressed on the importance of 'Integrated Learning' and the significance of such presentations which enable the students to share and recapitulate the concepts.

The school Primary Incharge, Ms. Vinita Sachdeva concluded the presentation by appreciating the students' hardwork and presentation skills. She also thanked the parents and sought their continuous support for the forthcoming events as well.
