

# G D GOENKA PUBLIC SCHOOL, SARITA VIHAR

## EARTH DAY

**THEME:** Earth Day

**REPORT:** Earth Day Celebration

**DATE:** Thursday, April 26, 2018

**CLASS:** NURSERY TO II

### EARTH DAY CELEBRATION

The exploitation of our planet Earth by mankind is a cause of concern for the whole world and every child who is the future of the world needs to be sensitized towards the fact. Every year, April 22 is celebrated as Earth Day globally to draw the attention of all towards this alarming situation and to instill environmental education.

In view of the state of the fast deterioration of our planet, a special assembly was conducted in GD Goenka Sarita Vihar on April 26, 2018 which conveyed the message that it is very important to protect our precious earth and its valuable resources to enable the coming generations to survive in the years to come.

All students from Nursery to II participated in the Earth Day assembly conducted by KG-B. The assembly comprised of a small skit on deforestation, a peppy yet intense song and dance which enlightened the little ones and everyone else present about the significance of our Mother Earth. Various craft activities were conducted in each class embodying the thought to respect and protect the planet of life, the Earth.

The assembly concluded with an address by the school Principal Ms. Seema Sahay who reinforced the need to treat our source of life with veneration. She also applauded the little performers for their efforts.
