EVENT REPORT

A Field Trip for Class II of G.D.Goenka Public School, Sarita Vihar was organized on the occasion of 150th birth anniversary of the father of the Nation, Mahatma Gandhi. The occasion reminds us of the values that Gandhi tried to impart and build a peaceful nation thereafter. The students visited the Central Cottage Industries Emporium, to see Authentic Handloom and Handicraft products.

The emporium promotes handicrafts and handloom, by creating products that are user friendly. It offers supreme quality products, by creating a range of goods to suit modern usage while retaining the ethnic values.

Students were acquainted with the importance of original hand woven fabrics and products. The intention behind this visit was to revisit the ideologies of Gandhi , that products that are handmade and manufactured in India should be used frequently compared to products created by international manufacturers.

The students were enlightened about the various people involved in creating these beautiful crafts and the need of the hour is to promote this industry.
