Event Report

“The beautiful thing about learning is that no one can take it away from you.”

G.D. Goenka Public School, Sarita Vihar organized a virtual induction program on April 10, 2021 for the parents. The aim was to familiarize parents as partners in progress with the curriculum and guidelines to be followed for virtual classes.

The induction was held at all class levels by welcoming parents to the new academic session. Class teachers explained at length about the benefits of effective communication between parents and teachers. They also discussed different ways of nurturing a child with love and care to build a strong foundation for their glorious future. The parents were briefed about the guidelines of the virtual classes where the respective class teachers gave an overview of the various subjects and the activities which would be undertaken in the academic year ahead. The co-scholastic activities were also discussed that gave the parents an idea of the curriculum which is self-directed and inclusive of hands-on learning activities that help them in their all-round development. The school also emphasizes on ‘Inclusive Education’ which refers to different and diverse students learning side by side in the same classroom. They enjoy and participate in all kinds of scholastic and co-scholastic activities.

The induction program proved to be a sincere effort made by the school in educating parents to look after and guide their children in a proper manner. It also helped in evolving a common teaching strategy and helped the parents in identifying suitable follow-up methods to reinforce the learning process of their children.
