

EVENT: INTERNATIONAL TIGER DAY

DATE: Wednesday, July 29, 2026

CONDUCTED BY: Nursery & KG

REPORT

“Every tiger saved is a step towards protecting our forests, wildlife and the balance of nature.”

On the occasion of **International Tiger Day**, a special celebration was organised to create awareness among children about the importance of protecting tigers and conserving wildlife. The day began with an engaging **Fact Talk**, where teachers introduced children to the significance of Tiger Day, shared interesting facts about tigers and emphasized the need to protect these magnificent animals and their natural habitats.

The celebration was followed by creative, age-appropriate craft activities that encouraged active participation and enhanced children's fine motor skills. **Nursery** students made a delightful **Tiger Ice Cream Stick Craft**, where they pasted a tiger face cut-out onto an ice cream stick and used markers to draw the tiger's facial features and black stripes. The activity helped children recognise the unique features of a tiger while developing their creativity and hand-eye coordination.

KG students created a **Tiger Finger Puppet** using craft materials. They coloured the tiger puppet, pasted **googly eyes**, and used **wool to make the whiskers**, bringing their tiger puppets to life. This interactive activity promoted imagination, creativity, and fine motor development while making learning enjoyable and meaningful.

The celebration concluded with children proudly displaying their colourful tiger crafts and reinforcing the message of wildlife conservation. The activities inspired curiosity, creativity, and environmental awareness, encouraging children to appreciate and protect the rich biodiversity of our planet from an early age.
