

REPORT: MANGO DAY CELEBRATION

THEME: SPECIAL DAYS

DATE: 24 JULY 2026

CLASS: NURSERY - GRADE II

“A mango is more than just a fruit—it is a celebration of nature's sweetness, learning, and togetherness.”

The corridors of G D Goenka School, Sarita Vihar’s junior wing were filled with vibrant hues of yellow, cheerful laughter and the irresistible aroma of mangoes as students from Nursery to Grade II came together to celebrate ‘*Mango Day*’ on 24th July 2026. The celebration transformed the school into a delightful world of experiential learning, where education was seamlessly blended with creativity, movement, and culinary fun.

To make the learning journey engaging, a series of interactive *Mango Stations* were thoughtfully designed inside the school campus. At one of the stations, teachers dressed as cheerful mango sellers warmly welcomed the children and introduced them to the wide variety of mangoes found across India. The interactive display encouraged young learners to observe, identify, and appreciate the unique characteristics of different mango varieties. Another station was decorated with huge variety of mango products like juice, jam, pickle, sweets, pulp, candy, cakes, ice cream etc. This station was also thoroughly explained by the teacher and it helped the students to understand how this versatile fruit is enjoyed in numerous forms. There was also a station for Mango Dance too, where students from all classes danced joyfully to upbeat tunes, spreading happiness and enthusiasm throughout the school campus.

The excitement continued in the classrooms also with age-appropriate hands-on activities. The little artists of Nursery enthusiastically made *Mango head gears* for themselves and Kindergarten students crafted adorable *Mango Hand Puppets* thus expressing their imagination while strengthening their fine motor skills. Meanwhile, students of Grades I and II engaged in a delightful hands-on cooking activity by preparing delectable *Mango Puddings* by carefully layering cake, fresh mangoes, condensed milk, and chocolate syrup in transparent glasses. The activity introduced children to basic culinary skills while reinforcing concept of healthy eating.

The celebration was a wonderful blend of learning, creativity and joyful participation. With bright smiles on their faces and hearts filled with happiness, the children went home carrying cute memories of a fun-filled *Mango Day* celebration.
