

EVENT: Grandparents Day

DATE: Saturday, September 19, 2026

CONDUCTED BY: GD Goenka School

ATTENDED BY: Nursery & KG

REPORT

“Grandparents are the roots that give children strength, love, and beautiful memories to cherish forever.”

A special celebration was organised on the occasion of **Grandparents’ Day**, with the theme **“Back to School”**, inviting the little learners to share a joyful and memorable day with their beloved grandparents. The celebration was planned to strengthen the beautiful bond between grandparents and grandchildren while creating moments of love, gratitude, togetherness, and happiness. The celebration began with a delightful performance by the **Nursery and KG students**. The little ones danced enthusiastically and expressed their heartfelt gratitude to their grandparents through their performances. Their cheerful smiles and energetic moves filled the atmosphere with warmth and joy, making the grandparents feel truly special and appreciated.

Following the performance, the grandparents accompanied their grandchildren back to their classrooms, bringing the **“Back to School”** theme to life. They participated in a joyful **Circle Time**, where grandparents and children sat together, interacted, shared smiles, and enjoyed precious moments of togetherness. They also took part in a simple and refreshing **Yoga Session**, practising age-appropriate yoga exercises together to encourage healthy habits while giving grandparents and grandchildren an opportunity to bond through movement and mindfulness.

The celebration continued with fun-filled **games and interactive activities** in the classroom. Grandparents and children participated enthusiastically, enjoyed playful challenges and cheered for one another. The games brought laughter and excitement to the classroom while encouraging teamwork, interaction and joyful participation. A creative **Craft Activity** was also organised, where grandparents and their grandchildren worked together to decorate beautiful photo frames. They added colourful decorations and personal touches to their frames, creating a special keepsake to cherish their precious memories together. The collaborative activity encouraged creativity, fine motor skills and meaningful interaction between the generations. The day was further enriched with a delightful **Meal Time**, where grandparents and grandchildren enjoyed a meal together. Sharing food and conversations created a warm and homely atmosphere, allowing everyone to relax and enjoy each other’s company. The celebration concluded on a lively and joyful note with **Music and Dancing**. Grandparents and grandchildren danced together, matched their steps, laughed freely, and thoroughly enjoyed the cheerful moments. Dancing together created an atmosphere of

happiness and allowed the children to share one of their favourite activities with their grandparents.

Grandparents' Day was a heartwarming celebration filled with **gratitude, laughter, yoga, games, creativity, dancing and togetherness**. The “Back to School” theme gave grandparents a special opportunity to step into their grandchildren’s world and experience the joy of school life alongside them filled with love and cherished memories. It was truly a memorable day reinforced by the pictures taken at the photobooth designed like a classroom like setup on the Theme Back to School, that further celebrated the beautiful bond between generations and created special moments to treasure forever.
