Literary Week

“Books are the quietest and most constant of friends; they are the most accessible and wisest of counselors, and the most patient of teachers.”
— Charles William Eliot

The onslaught of the digital world is fast replacing the world of books. To emphasize the habit of reading and taking care of books the primary wing of the school dedicated an entire week to the same. The week comprised various literary related activities which the Goenkans were a part of.

Monday, July 23, 2018-Books are Our Friends: The teachers and the students discussed about the importance of books in the day to life. How to hold a book and the correct way of reading from a book were also demonstrated.

Tuesday, July 24, 2018-Character Parade: Stories and their characters leave a long lasting impact on the minds of all, more so in the tender years of the pre-primary. The students of Nursery and Kindergarten enthralled one and all when they came dressed as their favorite character from the stories they loved. They walked around the school premises with placards in their hands trying to instill awareness for reading. Later a Dress and Tell session was also organized where they talked about their character.

Wednesday, July 25, 2018-Book Mark Fest: Appropriate handling and the correct way to read is a prerequisite to reading. The students of grade I and II participated in A Book Mark making competition. The best creations were also awarded the Merit and Appreciation Certificates.

Thursday, July 26, 2018-Share a Book: Sharing knowledge is the best thing a person can do. In view of this philosophy the students of classes Nursery to II brought a book each to add to the class library in the classrooms.

Friday, July 27, 2018 Story Discussion: The students of grade I and II participated in group discussions to discuss their favourite story and what they had learnt from it.

The week concluded with a lot of learning, fun and creativity.
