

COMPETITION NAME: STEM Racing India Primary 2025–26

DATE: 22nd August 2026

CONDUCTED BY: STEM Racing India Primary

VENUE: The Shriram Millennium School

Classes: VI

REPORT

GD Goenka Public School, Sarita Vihar, proudly celebrates the remarkable achievement of its **Grade 6 students**, who represented the school as **Team The Scavengers** at the prestigious **STEM Racing India – Primary Regionals Competition**, held on **22nd August at The Shriram Millennium School, Gurgaon**.

The competition provided an exciting platform for young innovators to demonstrate their **engineering skills, creativity, teamwork, problem-solving abilities, and presentation skills**. Competing alongside talented young STEM enthusiasts, Team The Scavengers displayed tremendous enthusiasm, dedication, and a strong spirit of collaboration throughout the event.

Journey to the Regionals

The students underwent extensive preparation for the competition, working together to develop their racing project while exploring various aspects of **STEM, engineering, design, presentation, and project planning**.

Their preparation involved developing innovative ideas, refining their designs, creating a strong team identity, and designing an engaging **Pit Display** that effectively showcased their work and STEM journey.

At the Regional Competition, the students confidently presented their work and demonstrated their ability to apply STEM concepts to a practical and challenging environment.

Best Pit Display Award

One of the most significant highlights of the competition was **Team The Scavengers being honoured with the prestigious Best Pit Display Award**.

The award recognised the team's **creativity, presentation, attention to detail, teamwork, and innovative approach** to showcasing their project. Their Pit Display successfully captured their journey, ideas, and efforts while creating an engaging and informative presentation for the judges.

This achievement is a testament to the students' dedication and their ability to transform their ideas into an impactful visual presentation.

Skills Developed Through STEM Racing

Participation in STEM Racing India enabled the students to strengthen a wide range of valuable skills, including:

- Problem Solving and Critical Thinking
- Creativity and Innovation
- Teamwork and Collaboration
- Project Planning and Management
- Research and Development
- Communication and Presentation
- Time Management
- Leadership and Responsibility
- Confidence and Professionalism

The experience provided students with valuable exposure to **experiential and project-based learning**, encouraging them to connect classroom concepts with real-world applications.

A Proud Moment for GD Goenka Public School

The success of **Team The Scavengers** at the STEM Racing India – Primary Regionals Competition is a proud moment for **GD Goenka Public School, Sarita Vihar**. Their achievement reflects the students' hard work, creativity, teamwork, and enthusiasm for STEM learning.

Receiving the **Best Pit Display Award** at a competitive regional platform has further encouraged our young innovators to continue exploring **engineering, technology, design, and innovation**.

The school congratulates **Team The Scavengers** on this well-deserved achievement and appreciates their commitment, perseverance, and team spirit throughout the competition.

Achievement

- Represented GD Goenka Public School, Sarita Vihar
- Participated in STEM Racing India – Primary Regionals Competition
- Secured the prestigious Best Pit Display Award
- Competed at The Shriram Millennium School, Gurgaon

“STEM Racing is not just about the race—it is about transforming ideas into innovation, challenges into solutions, and young learners into future engineers and changemakers.”
