

Report: Inter-House Science Experiments Competition

Classes: III-V

Date: July 17, 2026

Day: Friday

EVENT REPORT

The Inter-House Hindi Science Experiments Competition was organised for the students of classes III to V to celebrate Van Mahotsav and create awareness about the importance of forests and environmental conservation. The competition aimed to encourage students to express their thoughts creatively while highlighting the need to protect trees and preserve nature.

Students from the different houses participated enthusiastically and composed meaningful and impactful slogans in Hindi. Through their creative expressions, they conveyed important messages about tree plantation, environmental protection, the conservation of forests, and the need to maintain ecological balance.

The participants displayed great creativity, awareness, and sensitivity towards environmental issues. The competition provided students with an opportunity to showcase their linguistic skills while promoting the values of environmental responsibility and sustainable living.

The event was a meaningful and enriching experience for the students. It successfully spread the message that **every tree is precious and that protecting nature is a collective responsibility**. The competition concluded with the evaluation of the slogans, and the winners were appreciated for their originality, creativity, and meaningful environmental messages.
