

THEME: Community Outreach Program

REPORT: Visit to an Old Age Home

DATE: July 15, 2026 (Class XI – Approx. 20 students)

EVENT REPORT

As part of the school's community outreach program G.D. Goenka School, Sarita Vihar works for varied causes concerning the society be it environment poverty, lack of amenities or neglect. In order to achieve these goals, our school partnered with a renowned NGO – Help Age India, which works for the isolated, often neglected elderly in the country.

G.D. Goenka School, Sarita Vihar in its endeavor for contributing towards the community, and instilling the values of empathy and compassion organized a field trip to SHEOWS Care Centre, an old age home for elderly men and women. Students of class XI were

sensitized about the importance of caring for the elderly and based on voluntary consent children were taken to the old age home by the school counselor.

Students were encouraged to contribute a small First-Aid Kit marking the importance of personal health, hygiene and safety. More importantly, spending time with them, lending them an ear for their heartfelt stories and showing the respect they deserve were driven through this visit.

Students made a presentation on Health and Hygiene and conducted a quiz related to the same. They engaged in entertainment program with the elderly like singing songs, and dancing, followed by an informal interactive session. The Coordinator, Ms.

Rashika conducted the facility tour, showing the well equipped physiotherapy center, medical facilities and all the care being taken for the elderly. Students' interaction with the elderly left an indelible mark on them, making them more sensitized towards the needs of the elderly.
