

THEME: Career Counselling Workshop

DATE: Friday, May 15, 2026

CONDUCTED BY: Mr. Dhruv Joshi – Flame University

ATTENDED BY – Students of classes XI and XII

EVENT REPORT

A Career Counselling Session was conducted for the students of Classes XI and XII at GD Goenka Public School on 15 May 2026. The session was conducted by Mr. Dhruv Joshi from FLAME University with the objective of guiding students regarding higher education opportunities, emerging career pathways, and undergraduate programmes offered by the university.

The session commenced with the formal welcome of the guest speaker by the Senior Headmistress, Ms. Vibhu Gupta. She introduced Mr. Dhruv Joshi to the students and highlighted the importance of informed career choices and university awareness programmes for senior secondary students. As a mark of respect and gratitude, the speaker was warmly welcomed and felicitated.

During the hour-long interactive presentation, Mr. Dhruv Joshi provided students with detailed insights into FLAME University, its campus, academic environment, and interdisciplinary approach to education. He informed the students that the university is located in Pune and offers a wide range of undergraduate programmes with a strong focus on Finance, Management, Economics, Liberal Arts, and interdisciplinary studies, while also offering selected science-related courses.

The speaker elaborated on the university's unique academic structure and informed students that FLAME University offers nearly 240 major-minor combinations, enabling students to customise their academic journey according to their interests and career aspirations. He explained how the university promotes flexibility in subject selection and encourages students to explore multiple disciplines before specialising in a chosen field.

The presentation also highlighted the importance of skills required in the modern professional world. Through informative slides and discussions, students were introduced to employer-demanded skills such as communication, analytical thinking, problem-solving, adaptability, teamwork, and leadership. Mr. Joshi stressed the significance of holistic learning and experiential education in preparing students for future careers.

Further, students were briefed about the admission process of the university, including the FLAME Entrance Aptitude Test (FEAT), interview preparation, and guidance provided by the university for aspiring applicants. He explained how the university supports students throughout the admission process and helps them prepare confidently for aptitude assessments and personal interviews.

Mr. Joshi also shared details about campus life, experiential learning opportunities, internships, and various academic and co-curricular initiatives available to students. The session proved to be highly informative and engaging as students actively listened and gained valuable clarity regarding higher education opportunities and career planning.

The programme concluded with a vote of thanks, expressing gratitude to the speaker for his valuable guidance and for inspiring students to explore diverse academic pathways and make informed career decisions. The session was greatly appreciated by both students and faculty members for its insightful and enriching content.
