

REPORT ON INTER-HOUSE ARTICLE WRITING COMPETITION

THEME: “*Resilience: Rising Stronger Through Challenges*”

REPORT: Inter-House Article Writing Competition

DATE: 10 September 2026

CONDUCTED BY: Class IX–XII

EVENT REPORT

An Inter-House Article Writing Competition was organized for the students of Classes IX–XII on 10 September 2026. The competition provided students with an opportunity to express their thoughts, experiences and creativity on the theme, “*Resilience: Rising Stronger Through Challenges.*”

The theme encouraged students to reflect upon the importance of facing challenges with courage, learning from failures, maintaining a positive attitude and persevering towards their goals. The activity also highlighted the significance of resilience in helping young people cope with academic pressure, setbacks, uncertainties and changing circumstances. This aligns with the broader understanding of academic resilience as students’ ability to adapt to challenges and continue progressing despite difficulties.

All students from Classes IX–XII participated individually. Each participant was required to write an original article of **100–120 words** within the stipulated time of **45 minutes**. Students were expected to maintain proper format, clarity and neat presentation. The use of copied content or unfair means was strictly prohibited.

The entries were assessed on **Creativity and Originality, Relevance to the Theme, Clarity of Ideas and Expression, Language and Presentation, and Overall Impact**, with each criterion carrying five marks.

The competition successfully encouraged students to think beyond setbacks and recognize challenges as opportunities for learning and growth. It provided a meaningful platform for students to demonstrate their writing skills, originality, reflective thinking and ability to communicate ideas effectively.

Overall, the competition was an enriching and engaging experience that reinforced the message that resilience is not merely about overcoming difficulties, but also about learning, adapting and emerging stronger from them.
