

G.D. GOENKA PUBLIC SCHOOL, SARITA VIHAR

THEME: The National Deworming Programme

REPORT: NATIONAL MASS DEWORMING DAY and the MOP up Day

DATE: 10/02/2020 & 17/02/2020

EVENT REPORT

GD Goenka Public School, Sarita Vihar conducted the Mass De-worming Programme on February 10, 2020 followed by the MOP up day on February 17, 2020.

The Programme was carried out as per the instructions from the Directorate of Education, Delhi at the behest of Child Health Division, MoHFW, and Government of India. All students from classes Nursery to XI were administered the Tablet Albendazole. The entire Programme was conducted under the supervision of the school doctor, Dr. Anuradha Arora and Nurse Renu Baisoya. The medicine was given only after the consent of the parents and with the hope that all Goenkans remain fit and healthy for life.

Deworming targets one of the most common, long-term Soil Transmitted Helminthes (STH) infections of children for positive results in the children like, well-being, reduced risk of anemia and improved nutrition, height & weight, thus Improved learning ability cognitive functions and school attendance.

Special instructions were given to the students regarding any complication. They were observed for half an hour. No complications were reported.
