Shaping future citizens through service

Instilling value-based education to create more aware and sensitive citizens of tomorrow is the prime focus of GD Goenka Public School. "Community outreach has always been part of our school's motto, reflecting our deep commitment to giving back to society. We are now inviting applications for the new academic session," says the school's management team.

"Our school partners with renowned NGOs such as Goonj, HelpAge India, Sharpener Home, and Go-sharpener to give students first-hand experience in community service. Recently, the school held the installation ceremony of the Rotary Interact Club - 'Unnati', establishing a structured framework to encourage students to lead with integrity and contribute meaningfully to society. The newly appointed student body, office bearers of the Interact Club, took an oath in the esteemed presence of Pish Jain, President of the Rotary Club of Delhi Rajdani, who also presented the Club Charter to the Principal, Seema Sahay," the team adds.

"Earlier this year, the students, in association with HelpAge India, conducted a Digital Literacy Drive for senior citizens at their centre in Sant Nagar (East Kailash). The school also organises an annual festival event - Joy of Giving - a vibrant celebration

designed to cultivate values of sustainability, creativity, empathy, and community service. Our school recently organised a field trip to the Welfare Home for Children, where students were sensitised to the importance of safe shelter, love, and care," the team informs.

"While exploring the 17 SDGs shared by the UN, the school has partnered with Go-Sharpener to promote sustainability and nurture eco-conscious leaders of tomorrow," the team says.
