Event Report

"All the other colors are just colors, but purple seems to have a soul- when you look at it, it's looking back at you." — Uniek Swain

Purple the colour that represents the future, the imagination and dreams, spiritually calming the emotions was thoroughly enjoyed by our little ones. Purple day was celebrated in Nursery on Thursday, July 05, 2018. It was a free spirited day where all the children as well as the teachers came dressed in their 'Purple Best.'

The students participated in the 'Purple color Making' activity by mixing two primary colours- red and blue to get one secondary color purple. They also brought many objects- brinjal and grapes, balloons and flowers, toys, dolls, bottles, pencils and many more things in various tones of the colour purple! Colour recognition was taught by displaying these items and encouraging the children to speak a few sentences on each object with the aim to develop their public speaking skills.

The students displayed great enthusiasm while doing art and craft activities related the colour as they prepared craft of Purple grapes with crepe paper crumpling activity, thus reinforcing the concept of purple colour. They sang rhymes and songs based on purple colour.

Purple day celebrations prompted the young ones to think how colours enhance and influence our lives. It turned out to be a remarkable day filled with fun and enthusiasm. Every child's face reflected the spirit of the colour- A Purple Delight.
