

# G.D GOENKA PUBLIC SCHOOL, SARITA VIHAR

**THEME:** Red Day

**REPORT:** Red Day Celebration

**DATE:** Thursday, April 12, 2018

## Event Report

**“Colors are the smiles of nature.”**

**- Leigh Hunt**

To teach about the symbolism and importance of the colour “Red” to our little Goenkans of Nursery, Red Day was celebrated on Thursday, April 12, 2018. All the little angels of Nursery came dressed in red outfits making them feel brighter and livelier.

The day started off with the colour red everywhere red dress, red rose, red balloons, red car, red apples, red cherries etc. The Little ones were very excited to observe a real ladybug and they also sang and danced on Red Ladybug song. Children were also asked to bring any red colour object for “Show and Tell”. They spoke a few sentences on the red object they brought from home. The Teachers discussed the theme in circle time and linked it to all subjects as well.

A Red Day craft was also created the students of Nursery made a red Ladybug wrist bands. Focusing on sensorial skills a red watermelon was shown to the children. They also enjoyed a collaborative finger printing activity in a big Strawberry cutout.

The lovely innocent faces were gleaming and reflecting the brightness, joy, love and happiness which the colour Red stands for.
