

SPELL BEE COMPETITION

REPORT: SPELL BEE COMPETITION

DATE: Monday, January 20, 2020

VENUE: G. D. Goenka Public School, Sarita Vihar

EVENT REPORT

“Words cast spells. That’s why it’s called SPELLING.”

Spellings play a very important role in a student’s ability and success to learn to read. Looking at the zeal with which the children participated in India Spelling Bee competition last year, and one of our youngest student Trariti Pathak of Class 1 went up to the National Level round and won it, the school authorities once again joined hands with India Spelling Bee to conduct a second consecutive round this year. The school round was held on Monday, January 20, 2020 within the school campus at G. D. Goenka Public School, Sarita Vihar. Around one seventy two students put their spelling skills to test.

India Spelling Bee is an educational organization that reaches out to every student in a unique manner and combines fun, education and competition. The competition lasted for twenty minutes in which the contestants were asked to circle the spelling of a broad selection of words, usually with a varying degree of difficulty. The winners at the school level will be eligible to compete in the regional and national finale. The students exhibited a lot of zeal and fervour during the competition.

Highlights of the Event
