Event Report

“I like physics, but I love cartoons.” — Stephen Hawking

Smashing smiles, vibrant attires and stellar performances enthralled the audience in the auditorium of G. D .Goenka on Thursday, April 12, and 2018. The event witnessed children walking the ramp exhibiting confidence and style. The theme for Ramp walk was “Cartoons” which not only the children but also adults can relate to.

The little ones came dressed as their favorite characters like Spiderman, Pokemon, Peppa Pig, Chota Bheem etc. Each one of them was with full of enthusiasm and loved the fun walk on the stage. The little rock stars were also shown Power Point Presentation depicting various Cartoon characters and the positive messages they convey.

Younger children learn new sounds, shapes and colours with the help of cartoons; they also inspire kids to dance and to express themselves confidently. Keeping this as an essence of the day the event culminated with a dance and actions session on various cartoon songs.
