EVENT REPORT

“Toys are children's words and play is their language” - Garry Landreth

The children of class Nursery celebrated the online “Toy Party” on April 16, 2021. For the activity, students chose their favorite toys. Each child was given a chance to voice out their feelings and talk about the appearance of their toy, how he/she takes care of the toy and why they chose it as their favorite.

The session started with the teachers, introducing their favorite toys, followed by the students speaking about their favorite toys. They brought a variety of toys like cars, dolls, dinosaurs, animals, teddy bears, various cartoon characters like peppa pig, spiderman, mickey-mouse, hulk, chota bheem, shinchan, rescue team, super heroes etc. Children shared their experiences and how they spend their time with their favorite toy.

This online “Show and Tell” activity on toys gave the children a chance to develop their oratory skills and foster their imagination. It provided an opportunity to each child to stand up in front of their friends and speak about a topic that interests them, or share something that they love. It built confidence and helped children develop effective communication skills.

Towards the end, the teachers conducted an interesting quiz where some questions were asked about the toys and how they should take care of their toys. It was great to see the happiness on the children’s faces and an interesting and a thrilling experience for the children to share their feelings with peers in the fun and comfortable learning arena in the Toy Party.
